

FODS PTA Newsletter

January 2022

Welcome back to school - 2022 already! Where did that year go? Here is a little update on PTA news, fundraising totals and details of how we are spending the money raised so far this year!

~~Summer Fair~~

Most of our current committee consists of teaching staff and ex-parents. Sadly due to a change in circumstances, several of these will be stepping back and will not be available to help as much.

This means that sadly we do not have the manpower to deliver any large events (such as school fairs) unless we get new committee members!

If you are passionate about creating a better place for your children, please get in touch at discovery.fods@gmail.com

We meet a handful of times a year and donate a day of our time for each large event.
